

Blue Sunshine Day

# The Grubb Blog...

*I'm an entrepreneur. All my life I have dreamed big. You see you have to try in order to be a success or failure at something. Being a business owner means there will be many successes and many failures. You just keep moving forward. Learn from your mistakes, adapt to change, learn daily, don't be afraid to ask for help, read as much as you can, and trust the Lord with all your heart. Put God first and ask him to take the reins and go for it.*

## Vi-color

*Vi-color. Say what? Yep, the month of the most breathtaking vivid color. The mountains are getting ready to showcase the most glorious visual for my eyes to behold.*

*From what I have read the weatherman is predicting a vivid fall display. Reds, oranges, yellows, mixed with greens is the live painting we are getting ready to view. God's coloring book. Grand and glorious! Travelers from near and far hit the highways to enjoy nature's finest presentation.*

*The chlorophyll is going down!  
Shorter days and cooler nights whisper  
to the trees it's time.*

*Time to showcase to the world the  
most brilliant colors. At sunrise when  
the light illuminates the trees those  
magnificent colors sparkle to showcase  
fall's splendor in a way that only our  
Creator could do.*

*I must schedule time this October to take a drive and enjoy the beauty. The Linn Cove Viaduct is a favorite of mine. It's a section of the Blue Ridge Parkway that is a must see. The view never gets old. Year after year it's beauty never fades. My eyes will be graced with mountain peaks, rock formations, and fall foliage...if I'm lucky some wild animals too. Aww! Makes my heart smile!*

*Psalm 95:1-4 "O come, let us sing unto the Lord: let us make a joyful noise to the rock of our salvation. Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms. For the Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also."*
